**29c "TANGLE-WEAVE" LINEN SUITINGS, 19c**  
 (For Shirt Waist Suits.)

Another fortunate purchase upon which those who wish stylish Shirt-waist Suits may save 10c a yard. "Tangle-weave" suggests nicely the mixed effects.

These are not all linen, but the better for it, as in this weave the combination of cotton with linen makes a better washing material. Colors are absolutely fast. They will wash. Linen suitings head the list of favored shirt-waist suitings.

3 different shades of blue—light, medium, and cadet, combined with white—snowflake effect. 2 shades of the newest lavender, combined with white. Other color effects are: Red with white and green; green with white and black—Tan with white and wine.

**FOULARDS**

 Worth  
 69c a yard,  
 22 inches wide,

**49c**

THE Foulard Silk craze this early in the season has reached even beyond that of the first season, when the improved methods of printing caused them to outsell every other silk made.

THESE FOULARDS WE GUARANTEE AGAINST THE ONLY POSSIBLE OBJECTION THAT CAN BE MADE TO FOULARDS AS A CLASS:—We guarantee these NOT to "slip."

Offered in a comprehensive assortment of beautiful patterns with plenty of navy, white, brown and white, reseda and white, and black and white. The foulard is 22 inches wide, and you may buy it while this lasts at 29c a yard saving.

**The Improved Yama Mai Silk Is Here at Last.**
**44c**
**44c**

Makers have not been able to turn it out fast enough equal in quality to the Yama Mai that we have had before. New methods of manufacture, which include a new secret process, makes it almost doubly desirable. Yet the cost is increased only 5c a yard. It is all pure silk. Comes in every conceivable shade.

Think of the best Taffeta you ever got at 69c. Here is a better silk; stronger, better woven, richer in appearance, and in a greater variety of shades. Yet it costs but 44c a yard. It is a marvel. It will make as handsome a gown as any woman might wish, and please, because rich, beautiful, and serviceable. Don't confuse this Named Silk with anything else. Before the improved methods were perfected there were imitations. There are many now. Forty-four cents a yard.

**WHITE WAISTS,**

The madras is a fine quality, and in a number of pleasing satin stripe effects. The style is a blouse-front, peated to the bust, two pleats down the back; finished with hemstitched f.b. stock. Thoroughly finished in the best possible manner. All sizes. CH-ICE, ONE DOLLAR.

**EASTER MILLINERY**

OUR makers of hats are real artists. The creations that come from our workrooms are marvels of artistic beauty, embodying also practical features that appeal to women.

There's a point that is particularly pleasing to us. Women who shop buy here. And there's nothing about which a woman is more careful or critical in her shopping than millinery.

Possibly it's the exclusiveness of our hats, as much as the artistic beauty and the very low prices, that's so much liked.

When you buy a hat here you may be sure that no other woman in Washington will be wearing one like it—we refer, of course, to trimmed hats.

And it matters not whether you get one that costs you

**\$5.00, \$8.00, \$10.00, \$12.00, \$15.00, or up to \$30.00.**

The exclusive styles that we promise are yours.

**No Time to Lose in Selecting Hats for Easter.**

There are just 6 shopping days left—and how many women are there, do you suppose, who have postponed buying because of the inclement weather? All will be wanting new headgear for the promenade next Sunday. And we know you don't want your own hat hurried. Nor do we, for every hat we sell is an effective testimonial.
